

BIBLE READING

Read the whole Bible through in one year

You will probably be able to read each day's selection in 15 to 20 minutes. If this is your first time to read the entire Bible, this plan has been designed to take you through some of the most interesting parts of the Bible first. Attempting to read from Genesis to Revelation discourages many people when they soon find themselves in difficult-to-understand sections. Read with an open heart and let the Holy Spirit guide your understanding.

JANUARY

We begin the year with Genesis, the first book of the Bible, which tells how life on earth began and continues with the early centuries of Earth's history. The story continues in Exodus with the account of God's chosen people leaving Egypt and journeying to the Promised Land.

DECEMBER

As much of the world looks toward the Christmas season, our plan to read the Bible through in one year focuses first on Isaiah, which includes many prophecies that were fulfilled by Christ's birth. Then onto the gospel of John, which tells the story of Christ from before the world's creation to His resurrection. We conclude in Revelation in which John presents the visions he was given, including those that depict the end-time, Christ's second coming, and the restoration of Earth as it was at Creation.
